bidiVisual Table Alignment

Word reverses table justification for bidiVisual tables while keeping logical cell order. The three narrow tables should appear right, center, and left respectively.

Logical LEFT + 36pt DXA leading indent → physical RIGHT, inset

LOGICAL 2 / visual left	LOGICAL 1 / visual right

CENTER → physical CENTER

LOGICAL 2 / visual left	LOGICAL 1 / visual right

Logical RIGHT → physical LEFT

LOGICAL 2 / visual left	LOGICAL 1 / visual right

Logical LEFT + AUTO indent (ignored) → physical RIGHT, flush

LOGICAL 2 / visual left	LOGICAL 1 / visual right

Logical LEFT + PCT indent (ignored) → physical RIGHT, flush

LOGICAL 2 / visual left	LOGICAL 1 / visual right
