Table Cell Fit Text

Both cells have the same fixed width and mixed-format text. The gold cell uses w:tcFitText and must remain one line; the blue cell wraps normally.

MIXED BOLD *ITALIC CELL FIT TEXT*	**MIXED BOLD** *ITALIC CELL FIT TEXT*
W I D E	WIDE

Expected: the first gold cell stays on one line and retains bold/italic runs while blue wraps. In the second row, gold expands WIDE across the cell while blue keeps its ordinary width.
