# Table and Object Edge Cases

Merged cells, a nested table, an inline image, and a VML textbox in one compact document.

| Merged title across three grid columns | |
|---|---|
| Nested table | A: long wrapping value<br>B: 日本語 / RTL: مرحبا |
| Inline image |  |

## VML textbox after table

Text**box** preserves run boundaries.

Trailing text verifies flow resumes after the object.
